**BY SPARK FROM DYNAMO.**

Power Shed of Webb Granite Quarry at Milford, Mass., Burned.

Milford, Mass., Sept. 30.—By an accidental fire Saturday afternoon, the power shed and its dynamo and engines of the Webb granite quarry were totally destroyed. The loss is not far from \$30,000, and partially insured. The fire was started in the roof of the rather substantial structure by an electric current in some way while the electrician and an assistant were there working. The blaze was accompanied by a sharp explosion, and its exact cause is unknown. The rapidity of the blaze left the fire department little to do when the chemical and steamer arrived.

## DARTMOUTH PLAYS IN GAME

New Hampshire Eleven Scores Twice

**ON NORWICH UNIVERSITY**

Dartmouth Lands, Using '07 Methods and Confining Her Attack to Long Running, Open Formations.

Hanover, N. H., Sept. 30.—Over 1,000 Dartmouth students stood in a heavy downpour of rain Saturday afternoon and were surprised and wildly delighted to see their foot ball team score two touchdowns against Norwich university, using as a means of attack only plays which are of the new style of foot ball. The score, 12 to 0 in Dartmouth's favor, does not show the relative strength of the teams, as Dartmouth confined its attack to long running, open plays. An only once was the line tried for a gain. The forward pass was repeatedly worked by the green for long gains, but Norwich failed to use the play with success. In the first half Schumiller and Kennedy, the ends, each made 30-yard gains in close succession and with six yards to go L. Bankart drove tackle for the first score. In the second half, Dartmouth used a clever play which has been originated this year, and Ruxton, receiving the ball on a long pass, scored the second touchdown. Both teams were heavily penalized for holding. Despite the rain, Dartmouth had great speed in the backfield. The score:

**GEN. BOOTH IN BOSTON.**

Discusses Emigration and Size of Families.

Boston, Sept. 30.—In an hour's chat with Boston newspapermen Saturday, General William Booth covered a wide field of work of the Salvation Army and discussed many topics, including emigration, Christian Science and race suicide. This is the fourth visit of the

WILLIAM BOOTH.

founder and commander of the Salvation Army to this country, yet he spoke so hopefully of the future as to banish the thought that it might be his last as he is 70 years of age. Emigration seemed to be the foremost thought in his mind, and in speaking of it in connection with the work of his organization he said that the Salvation Army was trying to become a transfer agent. He referred to the demand for people, workers especially in Canada, in the western states and in South America, and of the great mass of human beings in the slums of Europe who needed assistance to reach such fields of labor.

With its thousands of corps, the Salvation Army, he said, was in the best position to direct emigration from one country to another. It acts in fact as a pilot for these voyagers. General Booth is decidedly in favor of large families. With one or two children, he said, the parents always indulge them and such indulgence creates recklessness. "Better 17 in the family, or even 24 as in Germany, than one or two spoiled children." He condemned old-age pensions in the severest terms, and said it was only another scheme for idleness. Ranging along in easy stages, the subject of Christian Science came up, but General Booth deftly parried anything in the way of criticism, saying that any breaking away from old faiths was better than slumber, and showed agitation of the waters. General Booth will remain in Boston until Tuesday, and participated in three public meetings yesterday.

**DEPORTED, BUT HER LOVE SUIT GOES ON.**

Actress Will Return to Fight \$25,000 Promise Case Against H. E. Miller.

New York, Sept. 27.—The actress who is fighting the promise case against H. E. Miller sailed yesterday on the Deutschland. The final order of deportation in her case has been issued by the department of commerce and labor in Washington, but the young woman preferred to forestall it and depart before the order reached the authorities at this place, it was said.

She left, declaring that she would surely return to testify at the trial of her \$25,000 suit for breach of promise against Horace E. Miller of Newark. It is said that she can do so by giving a bond at the proper time to insure her leaving the country at the end of the trial.

Her case has been pending before the Ellis island authorities for some time. A rehearing was expected from Washington after the first order of deportation, and on appeal her deportation has been confirmed.

## PURSE FOUND AT COLEBROOK

Puppy Finds Clew in Murder Puzzle

**MAY BE MURDERED MAN'S**

Finds It in Weeds Near the Scene of Gadwah's Arrest—Officer Says Key Unlocks the Accused's Trunk.

Colebrook, N. H., Sept. 30.—The frolics of a puppy led to the discovery of a wallet which the authorities believe will play an important part in the solution of the mystery of the murder of David Laughlin, a Columbia farmer, whose body was found Wednesday night under a carriage shed in the central portion of the village. Although Laughlin was in prosperous circumstances and was well supplied with money, no cash was found on his body, and a search of the clothing of Louis Gadwah, the farm laborer who is held charged with the murder, also failed to reveal anything that might connect him with the suspected robbery.

Yesterday Mr. Martin, at whose house Gadwah was arrested, notified the authorities that a pocketbook had been found there. A puppy playing about the yard leaped into some tall grass near a shed on the premises and brought out the wallet. It contained \$26 in bills and two keys. Police Officer James D. Carr, to whom the wallet was turned over, searched the grass and found also a lot of small change, which may have fallen from the wallet. One of the keys was a trunk key.

The officer went to the home of Laughlin, but was unable to find anything there which either of the keys would, and he then went to Gadwah's boarding house. Here he found a trunk, said to belong to Gadwah, and he was able to open it, he says with one of the keys.

When Gadwah was arrested he asked permission to go into the shed to wash his hands, and the theory of the authorities now is that while there he threw the wallet through a window into the grass outside.

Gadwah was with Laughlin for a time on the night of the murder. Laughlin is said to have been under the influence of liquor and to have bantered Gadwah over the latter's friendship for a woman. A piece of iron, blood-covered, and weighing fully eight pounds was found a short distance from the body, and is believed to have been the weapon used by the murderer.

Since his arrest on Thursday, Gadwah has denied all knowledge of the crime. He was held for the grand jury.

**ATTEMPTS SUICIDE.**

Joseph Merrill of Norwich Is in Hospital With Bullet in His Head.

Norwich, Sept. 30.—Joseph Merrill, aged 36 years, attempted suicide shortly after noon Saturday. He fired two shots from a revolver at his head, one glancing off, the other is lodged in the head back of the ear. He has a wife and six children. He has always lived here.

Upon returning from his work as a section hand on the Passumpsic division of the Boston & Maine railroad, at noon Saturday, he had dinner with his family, after which he arose from the table, kissed the six little girls and wife goodbye. He then bade his wife goodbye, and gave her his pocketbook, saying, "I'm going away."

He left the house by a rear door, going to the back piazza, from where his wife immediately heard two shots. She rushed to the door, where Merrill lay on the piazza floor.

Dr. Crosby was called and removed him to the Mary Hitchcock hospital in Hanover. He was able to walk between two men to the ambulance.

## SECRETARY TAFT IN JAPAN

Given a Warm Reception at Yokohama

**PROGRAM OF FESTIVITIES**

Will Be Received Today by the Emperor of Japan—Will Leave for Manila on Thursday of This Week.

Yokohama, Sept. 30.—Secretary Taft arrived at Yokohama, Japan, early Saturday on board the steamer Minnesota, from Seattle the 14th, passing all the signal stations without being sighted. The reception committees and the members of the American embassy who had gone to Yokohama from Tokyo to welcome Mr. Taft were aroused by runners, the town was soon enlivened and the bay crowded with launches displaying American flags and other colors. Secretary and Mrs. Taft and Thomas J. O'Brien, the new American ambassador to Japan, and Mrs. O'Brien met the visitors from the shore in the main saloon of the Minnesota at 7:30 a. m., while the United States cruiser Chattanooga, anchored in the bay, saluted Secretary Taft's flag as secretary of war, which was hoisted at the fore.

Secretary Taft accepted the entire programme for his entertainment, but declined to participate in any function Saturday or yesterday. Today he will be received in audience by the Japanese emperor, to be followed by "Iffin" at the palace. Count Hayashi, the foreign minister, will give a dinner in Secretary Taft's honor this evening, and on Tuesday he will be entertained at lunch by the minister of war, Lieutenant-General Teruchi-Masaaki, which will be followed by a reception of the American residents of Yokohama. On Wednesday the secretary will attend a dinner in his honor by the municipality of Tokyo, and Thursday morning he will leave the Japanese capital for Kobe, where he will embark on board the Minnesota for Manila. While in Tokyo on Wednesday Mr. Taft will take lunch with the American charge d'affaires, H. Percival Dodge.

The Minnesota had a rough but not unpleasant voyage across the Pacific. Secretary Taft, while at Yokohama, will make his headquarters at the Grand hotel. He was expected to make a short trip to Tokyo Saturday afternoon, traveling on a special train. The secretary on landing at Yokohama was greeted on every side by the Japanese, among whom he is exceedingly popular. Ambassador O'Brien and Peter Augustus Jay, first secretary of the American embassy at Japan, and the staff of the embassy left Yokohama for Tokyo at 11 o'clock Saturday morning.

**CAR BURNED UNDER E. RIVER.**

25 Persons Entrapped in Belmont Tunnel By Queer Blaze.

New York, Sept. 30.—Twenty-five persons, including Superintendent G. C. H. Van Dusen of the Belmont tunnel and Postmaster George Ripperger of Long Island City, narrowly escaped death Saturday afternoon when car 601, which had been going back and forth through the North tube of the Belmont tunnel carrying passengers free, caught fire while under the East river. Penned up in the narrow confines of the tunnel, and with flames in the roof of the car swirling about them, the passengers, although panic stricken, were forced to remain in the car and were hurried to the Long Island City terminal, while company officials stood at the doors to keep them from leaping to certain death.

who came to this country with the avowed intention of wresting the title of pugilistic champion of the world from James J. Jeffries Saturday went down to defeat for the second time.

He was virtually knocked out by Jack "Twin" Sullivan in the 19th round of a 25 round contest in the Mission street armory. A fair sized crowd attended.

Squires showed little improvement since his last appearance in the ring. He was strong, willing and game, but did not have the skill to land blows.

Had Sullivan been in first class form he would have knocked the Australian out sooner. As it was he smashed Squires in the face and on the stomach all through the 19 rounds. Several times he had Squires groggy, but could not put him out. In the 19th round the Australian was leading and seemed weak. Sullivan sent in a right and left to the jaw and Squires went down. He remained on the mat, eight seconds, and then staggered to his feet. Another punch to the jaw sent him down again, but he was not knocked out. He got up but was promptly punched down again. Referee Billy Roache then awarded the fight to Sullivan.

**JOKE ON SOPHOMORES.**

Freshmen of Middlebury College at Banquet.

Rutland, Sept. 30.—A clever ruse enabled 56 members of the freshman class at Middlebury college to evade the sophomores Saturday night and hold their first annual banquet at the Bardwell house in this city. Elaborate plans had been made by the upper classmen to prevent the freshmen from leaving Middlebury, but foreseeing something of the kind, the freshmen chartered a special train on the Rutland railway, which was boarded at the switch about half a mile this side of the town at 6:30 o'clock, while the sophomores waited patiently at the Middlebury station.

The special arrived in Rutland before 7:30, and the class, including fully 35 young women, at once proceeded to the hotel where the banquet took place. President D. V. Jackson of the class presided, and toasts were responded to by different members. Dancing was enjoyed until a late hour, while a special police officer guarded the door of the hotel to prevent any invasion by the sophomores.

Before the banquet was ended, a telegram was received from the upper classmen, congratulating the freshmen on their clever escape. Rutland orchestra furnished music for the dancing.
